

PROJECT HIGHLIGHT

The Black Pearl

Singapore

Perched atop Odeon 333 in Singapore's vibrant City Hall district, The Black Pearl presents an unforgettable dining experience that blends traditional Cantonese heritage with modern elegance. The restaurant features stunning panoramic skyline views, beautifully designed private rooms and a sophisticated rooftop bar, creating a great setting for all occasions.

The Black Pearl is an exceptionally unique Chinese restaurant where contemporary design meets traditional heritage. Designed by Hot Design Folks, the space reflects refined craftsmanship and a sophisticated sense of style, making it a perfect destination for discerning diners.

Step inside to discover a striking 1.8-meter concave installation at the entrance and a celestial-inspired central dome. Enjoy a stylish rooftop bar, intimate private rooms, and breathtaking views of Singapore's skyline, where carefully curated lighting enhances every moment and elevates the dining experience.
